TEVA Safety Health Policy

Nivea India Pvt Ltd believes in its people being a critical asset for the organization and stands committed towards providing a safe and healthy work environment for those working on and visiting its operations.

Nivea management at all levels accepts responsibility and accountability for the occupational safety and health performance of the organization. At the same time, every employee should endeavour to work in a safe manner to ensure not endangering oneself or her colleagues at the workplace or during travel.

The aim of Nivea is to prevent injuries and occupational ill health through

- Using all available knowledge and information to develop and design processes and plans, which are safe and without risk to health, as far as is reasonably practicable.
- Operate and maintain plants within the designed safety criteria throughout their working life.
- Development, introduction and maintenance of safety and health systems to meet company standards as well as statutory requirements and verify these standards through regular auditing.
- Set improvement objectives and targets to improve overall company performance.
- Involve all employees in the implementation of this policy and provide appropriate training.
